

Coming Soon: The Sheiling College!!

We are busy planning the introduction of a 19-25 college at the Sheiling School.

The Sheiling College, to be located in the grounds of the Sheiling School, will ultimately cater for up to 40 students (20 residential) with severe learning disabilities and complex needs. The College will provide full time day and residential placements as well as part-time modules for local students.

At present we are awaiting a visit from the YPLA, to assess our provision as a potential Specialist College. If we are successful, the first students will be able to start with us in January 2012, with new places available from September 2012.

We will be offering an exciting accredited curriculum which encompasses our Steiner values and is in keeping with our Camphill traditions. Individual bespoke learning programmes will be developed from a wide choice of courses in the Crafts, Gardening and Conservation, Performing and Expressive Arts, Skills for Life and Independence, and Enrichment Activities.

The School already has strong links to external agencies, work placements and other colleges, which will be further developed by the College. We will provide onsite access to a wide range of therapies and to our medical centre for those students who require ongoing therapeutic or medical support.

Details of our programmes will be available on our website in due course.

In the meantime if you have any specific queries please contact the school office on 01425 477488 or e mail enquiries@sheilingschool.co.uk
